Top-ranked faculty

One of the strongest attributes of the Texas McCombs MBA is the highly acclaimed McCombs School of Business faculty—an experienced and dynamic group of knowledge leaders, recognized by students for their accessibility and by the business community for their research and quality. Year after year, they are ranked among the best business professors in the nation by The Princeton Review.

A broad and flexible curriculum

The MBA core curriculum prepares you to build, manage, and lead enterprises that create value in a dynamic global economy. Over 70% of your coursework at McCombs is self-selected, and many students choose to tailor their course of study to a specific concentration, offering unique advantages in terms of recruiting and industry knowledge.

First-year MBA Curriculum

Almost half of your coursework in the 1st year is self-selected (14 out of 30 credit hours).

Apply your knowledge in real time.

The Texas McCombs MBA program presents you with a multitude of experiential leadership opportunities that not only develop your skills and résumé but also bridge your path to career success.

MBA+ Leadership Program

This program facilitates an individually tailored graduate experience that includes seminars from industry experts, micro-consulting projects with outside companies, and access to a hand-selected group of professional communication and executive coaches.

Academic Competitions

The best way to learn is by doing, and annual case competitions and challenges provide valuable practice and early exposure to key recruiters.

Fellows Programs

You will have the opportunity to apply your knowledge both in and out of the classroom and interact with industry leaders through programs such as Marketing Fellows, Venture Fellows, Operations Fellows, Board Fellows, and more.

Investment Funds

Student-led investment funds provide a unique interaction between MBAs and professionals from major investment and real-estate investment funds.

60 MBA+ MICROCONSULTING PROJECTS FORMED EACH YEAR

“[For our project], we looked at venture capital investment trends in energy, transportation, healthcare, finance, and media/entertainment. We then looked at how FABERNOVEL can work with potential clients to address issues they may be facing in these changing industries.”
