PROGRAM STRUCTURE

Your learning journey

The Global Online MBA is all about transformation. To achieve this, we systematically develop three key areas of your learning: making an impact in times of change; driving change with a global and digital mindset; and boosting your employability. Throughout the entire journey, these aspects work together to result in a complete transformation.

You have a choice with the structure—blended or virtual. The blended format features three in-person periods and three core virtual periods. For the remote participants, the in-person periods will take place in a dynamic virtual format.

Online sessions are made up of eight modules over three terms and combine real-time conferences with asynchronous forums. Moreover, if the 17-month timeframe interferes with professional commitments, you can extend to 24 or 30 months, allowing you to spread out your third-term electives to better suit your schedule.

94%

of recruiters in Europe predict future demand for business school graduates to either remain stable or increase.

FINANCIAL AID

If sorting out funding and scholarships is an important part of making IE University your next big step in your professional journey, the good news is that we have a range of funding options available to support you!

Most of our students rely on a combination of different types of financial means to cover the tuition fees and the overall costs associated with program attendance. These means typically include personal resources, student loans, scholarships and, at times, some form of family support or tuition assistance from employers.

The IE Financial Aid Office will help you understand the different financing options and scholarship opportunities available. Researching, understanding your options and planning ahead is key. The FAO will provide you with all the necessary guidance to make any scholarship or loan application process as smooth as possible.

Please visit our financial aid website for more details or schedule an appointment with our team.

The aim is twofold: celebrating and rewarding outstanding individuals and providing scholarship support to deserving and promising candidates who would otherwise not be able to attend IE University.

IE Scholarships

Thanks to the IE Foundation and the generosity of our students, alumni, parents, corporate partners and other benefactors who support our groundbreaking Financial Aid program, we are able to maintain a strong commitment to providing top-notch education to highly qualified candidates from around the world, regardless of their economic situation. Our wide portfolio of scholarships allows us to guarantee diversity and excellence through our needs-based and merit-based scholarships.

Scholarships are awarded based on economic need, merit, distinctive competencies and/or academic and professional excellence. The aim is twofold: celebrating and rewarding outstanding individuals and providing scholarship support to deserving and promising candidates who would otherwise not be able to attend IE University.

[Check the IE Financial Aid website to discover the full list of scholarships available and to learn more about the application process.](#)

Direct Awards

There is no formal application process for the IE High Potential Award—all applicants are automatically considered. Awards are communicated at the time of admission and recipients are chosen based on the information provided during the admissions process: the strength of their application, academic merit, professional experience, the quality of the interview, competitiveness, life experiences and suitability to the program and our school. These awards are need-blind, and are compatible with other IE Scholarships should the candidate require further support through a formal scholarship application.

Loans

Many of our students rely on loans—either government and/or privately funded—to at least partially finance their studies at IE University. As we strive to provide our students with further financing opportunities, we are committed to securing agreements with both Spanish and international institutions that offer our students financial loan schemes on favorable grounds. While there are many organizations that lend to IE students—including those we have an agreement with—it is critical that you understand all fees and terms of available loans to compare them and determine which are best suited to your particular needs.

Contact our dedicated team at loans@ie.edu to find out which financing options may be available to you. Please note that many financing schemes are time sensitive and may require planning several months before your program starts.

Tuition Payment Options

While making an investment in higher education is extremely worthwhile, we understand it isn't always easy. At IE University, we allow students to pay in interest-free installments, without pre-approval requirements or credit checks.

The number of installments and conditions depends on the program, please talk to your admissions advisor for more information.
