Flex Student Spotlights

“Landing an ideal job is a marathon one can only finish with support from friends, family, and career center professionals who provide some structure to the chaos. My thinking about target industries, companies, and functions evolved throughout my MBA journey thanks to the club career days, employer webinars, and one-on-one conversations with McDonough career coaches. The confidence and support I received was priceless.”

“Everything from the introductory accounting classes to my Global Business Experience in Singapore to my MBA Certificate in Sustainable Business was immensely valuable to my career journey. These experiences were foundational as I embarked on the entrepreneurial endeavor of founding my own independent consulting business.”
